

Marshall Mobility

The smart ride to your medical visits.

Marshall Medical Centers has a new transportation service available for wheelchair-bound and mobility-impaired people.

Marshall Mobility is a non-emergency medical van service available to individuals who use wheelchairs or walkers and/or have limited options for getting to medical appointments and other needs. Vans are equipped to carry up to two wheelchairs. A rider may choose to bring his or her own wheelchair in the van or use one provided. For those on a walker, a ramp is provided for boarding the van.

To ensure availability, riders are asked to schedule rides at least a couple days before the transport. Most transports are scheduled days to weeks in advanced. Same day requests are possible, depending on demand.

Van drivers are CPR-trained and vehicles are equipped with first aid kits, including AEDs. Drivers will assist with the loading and unloading of riders.

To schedule a ride or for any questions, please call us at **256-571-8847**.

Transport fees:

ONE WAY TRANSPORTS:

Inside Marshall County **\$40**

*BLOUNT, CULLMAN, DEKALB, ETOWAH (including Gadsden),
